

STAT TEST LISTING

The CMC Laboratory goal for STAT testing:
 To have results available within one (1) hour of receipt of the specimen into the Laboratory.
 All STAT testing listed is performed at CMC Laboratory.
 For information regarding referral testing, please call
 the Laboratory Customer Service Department at ext 8031 or 603-663-8031.

Test Name	Test Name
Acetaminophen (Tylenol)	HIV, rapid (source needlesticks and MOMs only)
Acetone	Indirect Coombs
Albumin	Infectious Mono Screen
Alcohol (serum)	Influenza A & B
Alkaline Phosphatase	Phosphorous
ALT (SGPT)	Kleihauer- Betke **
Amylase	KOH Prep
Antenatal RhIg	Lactic Acid
AST (SGOT)	Legionella Urine Antigen
Basic Metabolic Panel	Lipase
Beta HCG	Myoglobin
Beta Hydroxy Butyric Acid	Osmolality (serum or urine)
Bilirubin- Total, Indirect, Direct	Partial Thromboplastin Time
Blood Type	Phenytoin (Dilantin)
Blood Urea Nitrogen (BUN)	Platelet Count
Brain Natrietic Peptide (BNP)	Post Partum RhIg
Calcium	Potassium
Carbamazepine	Pregnancy, Quantitative
Chloride	Pregnancy, Qualitative
Total CK , CKMB	Protein, Total
CO2	Prothrombin Time
Complete Blood Count (CBC) w/diff (reflex)	PTH- Surgery
Comprehensive Metabolic Panel	Rapid Strep
Cord Blood	Renal Function
Creatinine	Respiratory Syncytial Virus (RSV)
Crossmatch	Salicylate
Cryptococcal Antigen (serum)	Sodium
Cryptococcal Antigen (csf)	Spinal Fluid Cell Count
D-Dimer, quantitative	Spinal Fluid Glucose
Digoxin	Spinal Fluid Protein
Dilantin (Phenytoin)	Streptococcus pneumoniae urine Antigen
Direct coombs	Theophylline
Electrolyte Panel	Thrombin Clot Time
Erythrocyte Sedimentation Rate	Tobramycin
Estradiol	Transfusion Reaction Workup
Fetal Blood Screen	Troponin
Fetal Fibrinectin	Type and Screen
Fibrinogen	Uric Acid
Gentamicin	Urinalysis
Glucose	Urine Protein (dipstick)
Gram Stain	Urine Specific Gravity
Hematocrit	Urine Tox Screen..with Tricyclic
Hemoglobin	Valproic Acid
Hepatic Function	Vancomycin
Hepatitis B surface Antigen * MOMs only	Wet Prep

* reported within 24 hours

** reported within 2 hours
