## ***TABLE OF CONTENTS***

### ***MISSION***

### ***GENERAL INFORMATION***

- Contact Information
- Laboratory Accreditations
- Laboratory Scope of Service
- Quality Management Practices
- Laboratory Collection Stations - Patient Service Centers
- Contacting the Laboratory
  - Test Results and Information
  - Supplies
- Courier Service
- STAT Test Listing
- Reflex Testing
- Critical Value Policy
- Significant Results Notification
- Confidentiality and Disclosure of Results
  - Confidentiality of Results
  - Disclosure of Results

### ***ORDERING INFORMATION***

- Priority Order Codes and Turnaround Time
  - Routine
  - STAT or ASAP Testing
  - Timed
- Test Orders
- Ambiguous Orders
- Standing Orders
- Telephone Orders
- Add-On Orders
- Cancellation of Tests
- Completing a CMC Laboratory Requisition - Instructions
- Billing Policy
- Advanced Beneficiary Notice of Noncoverage (ABN)

### ***SPECIMEN COLLECTION AND MANAGEMENT***

- Blood Collection Tubes
- BD Vacutainer® Tube Guide
- Collection Tube Code Master Listing
- BD Vacutainer™ Preparing a Quality Sample
- BD Vacutainer® Citrate Tube Volume Draw Guide
  - Minimizing preanalytic variables for Coagulation Testing
- Blood Collection
  - Guidelines for collection
  - BD guide – Best and inappropriate sites for venipuncture
  - BD guide – Troubleshooting hints for blood collection
  - BD Vacutainer® Order of Draw for Multiple Tube Collections

- Proper Specimen Labeling
  - Patient Safety is in your hands
  - Guidelines for labeling
  - Specimen rejection due to labeling error
    - Retrievable specimens
    - Irretrievable or Precious specimens
  - BD Vacutainer® Labeling guide
- Unacceptable Specimens
- Specimen Processing
  - BD Vacutainer® Preparing a Quality PST sample for analysis
- Specimen Packaging
  - Racking Specimens
  - Outpatient sample packaging
  - BD Guide to Special Handling of Specimens – Light Sensitive, Chilled
- Specimen Stability Time Sensitive Tests Chart
- Transporting and Tracking Specimens

### ***TRANSFUSION SERVICE (BLOOD BANK)***

- Pretransfusion Testing Information
- Labeling Specimens For Blood Bank
- Blood Products – General Information
- Blood Products – Transfusion Record

### ***PATHOLOGY***

- Information Requirements for Pathology Specimens
- Specimen Collection and Handling
- Fine Needle Aspiration Cytology
- Body Fluid Cytology
- Breast Cytology
- Bronchial Washing Cytology
- Bronchial Brushings
- Gastric Washing
- Ocular Cytology
- Spinal and Cyst Fluid Cytology
- Oral Smears, Preparation and Collection
- Sputum Cytology
- Urine Cytology
- Pelvic Wash
- Surgical Pathology – Offsite Collection

### ***MICROBIOLOGY***

- Specimen Transport Guidelines
- Collection of Microbiology Specimens
- Storage and Transportation

### ***TESTING INFORMATION***

- Allergy Testing
- Drug Testing
  - Drugs of Abuse in Urine

Therapeutic Drugs  
Detection of Genital Pathogens  
Glucose Specialty Testing  
Hepatitis Testing  
Thyroid Cascade  
Immunohistochemistry Markers - Pathology

## ***ALPHABETICAL TEST LISTING***

### ***FORMS***

Completing a CMC Laboratory Requisition - Instructions  
Clinical Laboratory Test Requisition  
Pathology Requisition – GYN Cytology  
Pathology Requisition – HPV Reflex Test Guidance  
Pathology Requisition – Surgical and Non GYN Cytology
